

Renewable Energy Notice REDIII

Please be advised that the provisions of the REDIII Directive (2023/2413) were transposed by SI 274/2025 – European Union (Planning and Development) (Renewable Energy) Regulations 2025.

Many provisions of the above Regulations came into effect on the 7th August 2025, while the mandatory EIA scoping provisions will come into effect on the 1st October 2025.

Prospective applicants are advised to ensure that any new strategic infrastructure development renewable energy related applications conform with the requirements which are now in place as set out in the Statutory Instrument and the Departmental Circular.

If you have any administrative queries in relation to the REDIII process please contact sids@pleanala.ie
